

Expand Your Perspective

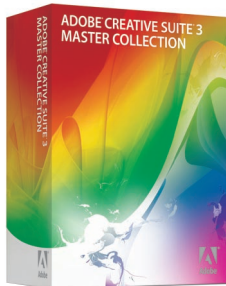

Join our seminar to see the future of Adobe

Join this seminar designed to educate State Street employees on how to leverage current and future Adobe technology. You will hear from industry experts who will demonstrate commonly used techniques and introduce new features for LiveCycle® ES, Flex™ 3, AIR™, and other Adobe products.

Join us and discover what Adobe has in store for you:

- **Extend and accelerate** core business processes — from electronic forms to personalized generation and delivery
- **Deliver dashboards**, e-commerce, and self-service applications that improve the bottom line
- **Reduce costs** associated with paper and application integration by using Intelligent Documents and forms that reduce the need for custom programming and eliminate paper printing, storage, and distribution

Register now at: www.eventsadobe.com/statestreet/user_info.asp

Register now for a chance to win a copy of **ADOBE® CREATIVE SUITE® 3 Master Collection.**

Adobe Day at State Street

Tuesday, January 8th
